

Yale New Haven Health

Greenwich Hospital Multi-Department Ambulatory Facility

Rye Brook, New York

Growing Healthcare System

A part of Yale New Haven Health, Greenwich Hospital engaged BAM in architectural and interior design services for an update of the Rye Brook facility through an interior renovation.

Patient-Focused Design

Now complete, the vision focuses on a welcoming and sleek design through new finishes and new state-of-the-art medical equipment.

Multiple Specialties

The detailed program includes renovation of the multi-department ambulatory facility including the urgent care center, general medicine including pediatric and adult medical practices, and a phlebotomy unit to be improved for optimal patient care and comfort.
