

# Yale New Haven Health

## Radiology Department and Support System

New Haven, Connecticut

### Master Planning

Radiology Department expansion is one part of BAM's master planning with Yale New Haven Health, which includes varied locations and involves special attention to branding and design standards.

### Best Practices Determined

BAM conducted a feasibility study to determine the ideal program for the Radiology Department.

### Growing Department

Following the feasibility study, BAM designed and coordinated an expansion to include general imaging suites, reading rooms, staff offices and staff support spaces.
